

2003/36/EC (BeO Free) and 1907/2006/EC (REACH) Conformity

COM-TECH Italia SpA ensure, under its responsibility, that our products are been designed and manufactured in accordance with Directive 2003/36/EC of the European Parliament and of the Council of 18 June 2003 amending for the 26th time Council Directive 76/769/EEC relating to restrictions on the marketing and use of certain dangerous substances and preparations.

Directive 2003/36/EC has classified Beryllium Oxide as "Carcinogenic", and has thereof restricted its use and imposed safety rules in processing it; COM-TECH is taking an extra effort by making all its products Beryllium Oxide free.

Compliance with 2011/65/EC and 2015/863/EC has been verified via internal design controls, supplier declarations and/or analytical test data.

With regard to Directive 1907/2006/EC of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), COM-TECH Italia SpA ensure, under its responsibility, that do not need to take any actions or register our Company, because:

- We do not use any of the substances that are listed as dangerous or included in Candidate List (*last update 23/01/2024*)
- The imported quantities are anyway under the threshold of 1 ton/year
